

## LEGO Boost Robotics Club (KS2)

This club introduces children in years 3 -6 to robotic concepts and basic coding using the LEGO Boost's non- intimidating drag and drop interface.

Children will work in pairs sharing one robotics construction set and tablet for coding.

Each session will have a fun challenge allowing participants to develop their knowledge of coding in line with the KS2 National curriculum standards.

The Club will run on Tuesdays 3:20 - 4:20pm.  
From 16th April until 14th May 2019.

£25 (5 sessions)

Open to Children in Years 3-6.

Places are limited (10 children), please email Nicola Kleiser at [brickbotsuk@gmail.com](mailto:brickbotsuk@gmail.com) to book a place.

If demand is high the club may run on additional dates.
